Summary

Forward Deployed Engineer building AI-driven data engineering and software solutions. I partner with customers to turn business requirements into scalable, production-ready applications, data platforms, and agentic workflows, with a focus on automation, distributed systems, reliability, and performance.

Education

National School of Applied Sciences (ENSA) Berrechid — **Berrechid, Morocco**
Engineer's Degree in Computer Science (Master equivalent) — *2021 – 2026*

Experience

Oracle — **Apr. 2026 – Present**
Forward Deployed Engineer Intern (FDE) — *Remote*

- Partnered directly with enterprise customers to design, deploy, and operationalize data and AI solutions on Oracle AI Data Platform.
- Built a production-grade Python package for Fusion-to-AIDP-to-OAC delivery: BICC ingestion into Bronze/Silver/Gold Delta layers with data-quality checks, schema/drift controls, incremental MERGE, resumable runs, and governed OAC dataset/workbook delivery.
- Developed a conversational plugin and skill suite automating the package end to end through natural language from environment configuration and ingestion to issue triage, data-mart authoring, and OAC workbook creation.
- Accelerated Databricks-to-AIDP migrations by automating notebook, workflow, and metadata conversion, validated on live Spark clusters.
- Delivered secure provisioning automation across AIDP, OCI IAM, and Oracle Analytics Cloud, and contributed to an agentic data-engineering consultant for natural-language data exploration and pipeline generation.

Marketing Confort — **Jun. 2025 – Sept. 2025**
Software Engineer / DevOps Intern — *Remote*

- Developed an AI homework assistant with a mobile app (React Native) and web interface (Next.js).
- Built a scalable backend using Spring Boot microservices with PostgreSQL and AWS S3.
- Implemented CI/CD pipelines using GitLab CI/CD, Docker, Kubernetes, ArgoCD, and Nexus.

2Peerfect — **Sept. 2024 – Oct. 2024**
Full Stack Developer Intern — *Remote*

- Built an interactive 3D website using Next.js, Three.js, GSAP, and Framer Motion with fully responsive design.

Wib Day — **Aug. 2024**
Full Stack Developer Intern — *Hybrid*

- Developed a blogging platform for a press news website using Laravel, JavaScript, and MySQL.

Royal Air Maroc — **Jul. 2024**
Full Stack Developer Intern — *On-site*

- Contributed to a customer-service web application built with React and Node.js.

Projects

Healthcare Platform | *Next.js, Spring Boot, WebRTC, PostgreSQL, MongoDB, Kafka, Docker*

- Built a microservices platform with real-time video consultations, an AI chatbot, and appointment booking; implemented secure authentication, doctor verification, QR prescriptions, and Kafka-based notifications.

Three-Tier App with CI/CD & GitOps | *Jenkins, Terraform, AWS, Kubernetes, Helm, ArgoCD*

- Provisioned AWS infrastructure (EKS, ECR) with Terraform; automated CI/CD with Jenkins and SonarQube, GitOps deployment via ArgoCD, and monitoring with Prometheus and Grafana.

Real-Time Health Monitoring Platform | *Kafka, Python, Next.js, AWS, Redis, Kubernetes*

- Developed a Kafka-based event-driven pipeline with stateless Python microservices for validation, ML inference, anomaly detection, and alerting; built real-time Next.js dashboards via WebSocket with S3/Athena pipelines.

Technical Skills

Languages: Java, Python, JavaScript, TypeScript, C, PHP

Data & AI: Spark, Delta Lake, Medallion Architecture, Airflow, dbt, Snowflake, Microsoft Fabric, Oracle AI Data Platform, Oracle Analytics Cloud, Machine Learning, Generative & Agentic AI, MCP, Data Quality

Backend & Frontend: Spring Boot, Node.js, Express.js, Next.js, React, React Native, Tailwind CSS

Databases: PostgreSQL, MongoDB, MySQL, Redis, Cassandra

DevOps & Cloud: Docker, Kubernetes, Helm, ArgoCD, Jenkins, GitLab CI/CD, Terraform, Ansible, Kafka, AWS, OCI

Certifications

OCI Certified DevOps Professional
Oracle Certified Professional: Java SE 17 Developer
OCI Generative AI Certified Professional
AWS Certified Cloud Practitioner
Oracle Database SQL Certified Associate

Languages

Arabic (Native)
French (Fluent)
English (Fluent)
